## GRANGERS SUFFERED

UNEASINESS REGARDING SHARES WHICH WERE HAMMERED.

usiness Shows Falfing Off from Volume Early in the Week-Local Market Depressed.

At New York yesterday money on call was easy at 1 per cent.; last loan, 1; closed. 1.

Prime mercantile paper, 31/4051/4 per cent. Sterling exchange was dull and firm, with actual business in bankers' bills at \$4.90@ 4.90% for demand and \$4.89@4.89% for sixty days; posted rates, \$4.89@4.90 and \$4.90@4.91; commercial bills, \$4.8816.

Silver certificates, 674/9674c; bar silver, 67c; Mexican dollars, 531/c. At London bar

silver was 30 9-16d per ounce. Total sales of stocks were 257,838 shares Including: American Sugar, 24,300; American Tobacco, 6,900; Atchison, third assessment paid, 14,200; Burlington, 22,300; Chicago Gas, 5,500; Cleveland, Cincinnati, Chicago & St. Louis, 3,000; District, 29,300; General Electric, 3,000; Kansas & Texas preferred, 2,600; Louisville & Nashville, 5,800; Missouri Pacific, 8,600; Northwest, 4,400; Pacific Mail, 4,200; Reading, 33,300; Rock Island, 12,700; St. Paul, 36,500; Southern, 6,900; Southern

400; Wabash preferred, 5,900. was, as on the previous day, exceptional irregularity. The volume of business showed a shrinkage as compared with that of Wednesday of about 125,000 shares, but the dealings were relatively well distributed. The leaders in point of activity in the railroad shares were St. Paul, Reading, Atchison, Rock Island and Tennessee Coal, and in the industrials Distillers, Sugar and Tobacco, in the order named. The fluctuations in either direction were noteworthy and especially in some of the so-called specialties. Rumors of a probable new government loan in the near future and the continued strength of the exchange market had especially depressing effects. St. Paul was sold freely at the outset by holders who had bought in expectation of a larger disbursement on the common stock than the 1 per cent. declared by the board. In this stock and the others of the grang-er group an uneasiness has been created on er group an uneasiness has been created on account of the interview with President Miller in which he acknowledges that through freight rates in the Northwest are in a demoralized condition. The rumors of a probable new bend issue by the government were supplemented late in the day by further weakness in the quotations for the new government fours. The declines, as compared with last night's final call, were 1½ per cent. for the registered bonds and % per cent. for the registered bonds and % per cent. for the coupon bonds. The declines since the first call on Monday are 3% per cent. for the registered and 3% for the coupons. No withdrawals of gold were made for shipment Saturday, but it is expected that about \$2,000,000 will go. Hoskie, Wood & Co. and Crossman & Brothers, who have been prominent exporters since the present outprominent exporters since the present outward movement began, were reported sellers of exchange. The market, in detail, opened irregular, but the initial changes were unimportant, except in Tennessee Coal, which started 1 per cent. higher. Shortly after the opening a drive was made at the after the opening a drive was made at the grangers, carrying that group down %c to 1% per cent. The general list sympathized from % to 3 per cent., the last in Southern railway preferred. About 11:30 o'clock a rally started, chiefly under covering of shorts, and prices recovered from % to 2 per cent., the last in Tennesses Coal. About 2:30 the coalers "splurged" on an announcement that the Philadelphia coal companies had agreed to advance prices immediately 10c to 25c per ton. Jersey Central scored a gain of 1½ per cent. and the other coalers proportionate advances. The list responded, rising from %62% per cent. In the final dealings realizing sales took the edge off, the improvement and fractional declines occurred. Jersey Central lost 1 per cent. from the highest. The closing was weak, with general net losses.

Bonds were dull and heavy in the early

Bonds were dull and heavy in the early operations, but in the late session prices stiffened somewhat on an increased volume stiffened somewhat on an increased volume of business. The sales were \$1,743,000. The principal changes are: Declines—Kansas Pacific consol trust receipts, 2½ per cent.; Morris & Essex sevens of 1900, 2; International and Great Northern seconds and Colorado Midland fours trust receipts, 1½; Northern Pacific consol fives, trust receipts, 1½, and Chicago & Milwaukee firsts and Atchison seconds, trust receipts, 1 per cent. Advances—Louisville & New Albany consols, 1%, and Cleveland, Cincinnati, Chicago & St. Louis trust fours. St. Louis division. St. Louis trust fours, St. Louis division

ernment bonds were weak, with de nes in the new fours of % per cent. each.

State bonds inactive.

Drop in Government Bonds. NEW YORK, Sept. 12.-The Stock Exchange records fail to confirm the reported drop of 2 per cent. to-day in the price of the new government fours. The actual quotations yesterday were on the first call 1221/2 @123 for the registered fours and 122% for the coupon bonds. The closing quotations strictly yesterday were 122@1221/2 for the registered and 121% @121% for the coupon bonds. The quotations in the first call on Monday were quotations in the first call on Monday were 1234-61234 for the registered and 124 4-5 for the coupon bonds. To-day's quotations on the first call were 1214-61213, for the registered and 1224, and 1214-2 for the coupon bonds. The first call to-day showed a decline of 14 per cent. in the bid price for fours registered, and of 1 per cent. in the coupon bonds as compared with yesterday's first call and of 4 per cent. for the registered as compared with yesterday's final quotations. Since Monday the registered fours are down 2 per cent. in the bid price and the coupons 14 per cent. The cause of the easier tendency of the bonds is the belief in many circles that a new government loan is impending. As a matter of fact, the visitation to this city of Assistant Secretary of the Treasury Curtis, eistant Secretary of the Treasury Curtis, on Tuesday of this week, was popularly ascribed to the negotiations to this end.

Well-informed financiers discredit the ru-mor that Mr. Curtis himself stated that he was not aware of any immediate probable

first rise after the issue of the new fours nds sold up to 1241/2, and on the second rise, about two weeks ago, to 12314.

Thursday's Bank Clearings. At Chicago-Clearings, \$14,371,000, Money plenty at 41444 per cent. for call loans and 50512 per cent. for commercial paper. New York exchange, 50c discount. Bankers' (London) sterling, \$4.894, and \$4.884. At New York-Clearings, \$100,712,433; balances, \$7,488,245. At Boston-Clearings, \$16,726,682; balances, At Cincinnati-Money 4@6 per cent. Clearings, \$1,966,400.

LOCAL GRAIN AND PRODUCE. A Dull Day in Trade Circles, with

but Few Changes in Values. The extreme heat of yesterday checked trade perceptibly. On the wholesale streets the shade was sought unless a good customer was in the mood of buying. The general opinion is that until there is some fall weather trade is to be slow. In prices there were no important changes. Hide and leather markets are both dull and prices easier. Some descriptions of hog products are firm, while others are weaker. The seed market continues active, except clover, which is weak at quotations. On

Commission row peaches and pears are higher and choice stock scarce. Sweet and Irish potatoes continue in large supply, and were selling at lower figures yesterday. Some Irish potatoes sold at 40c per bu. Melons of all kinds and apples are still in large supply and selling low. Receipt of poultry preferred, 5,600; Tennessee Coal and Iron, 13,- and eggs light, prices steady. Other markets are without feature, except a number The feature of yesterday's stock market of advances in dry goods, which are still advancing in tendency.

THE MARKET BECOMES FIRMER AND CLOSES 3-8C HIGHER.

Prices Depressed Early by a Flood of Selling Orders, Which Changed to a Buying Movement Soon.

CHICAGO, Sept. 12 .- A change came over the spirit of the wheat market to-day, and it closed with an improvement of %c per bu It was due in part to reports from the Northwest that spring wheat receipts were diminishing materially, and partly to the strength as compared with Chicago's recent weakness of all the other winter wheat markets. Corn closed with little change, oats 1/4c higher and provisions at moderate

Wheat was more active, and, after an early dip, ruled strong and higher. There was free selling early by Brosseau, Rosencranz, Schwarz-Dupee and Pardridge, and the price went off nearly to 5714c, or 14c below the close yesterday. But the Northwest receipts were lighter, only 829 cars, against 1,203 cars yesterday. A Minneapolis message said that farmers' deliveries were dropping off, and would not be resumed until there was a stisfactory rally in prices. The sentiment which has been so bearish for some time, soon changed, and shorts were quick to take alarm and start for cover. Cudahy was a heavy buyer through his numerous brokers, while Logan, Lindand Baldwin & Farnum also bought heavily. For a time the demand was well supplied, but the sellers were finally baled out, and the market continued to strengthen. The fact that primary re ceipts proved to be about 100,000 bu smaller than the same day last year also proved strong factor. There was some free selling on the advance, which caused temporary weakness, but the advance was held very well. December opened at 57½c, sold soon after at 5714c, then up steadily to 58@5814c split, and at noon was about 58c. The market ruled less active during the closing hour, but prices held firm, the close being at 57%@58c for December. Corn opened apparently weak, but a weal spot in the bears' armor was found in Nebraska reports of the condition of the crop n that State. John Cudany was have been the principal buyer of May, his purchases being to cover previous short sales. May opened at 28%c, as against 29e sellers at the close yesterday. That was the lowest it sold at and 29c was the highest. The last trading was at 29c.
Oats were quiet, but inclined to firmness, yet without much change. May sold at 20%@20%c and September at 19@19%c. The market changed but slightly during the last

hour, and business was rather slack, May closing at 20%c.

Provisions got a strong start, and continued firm throughout, but only a small trade was done. The hog receipts were 4,000 head less than expected, and the packing in the West was 150,000 head for the week, against 174,000 in the corresponding week of last year. September pork opened at 12½c advance and closed at the opening quotation. January started 2½c up; rose another 10c, and closed with a net gain of 10c. October lard improved .12½c and January .10c. October ribs opened up .12½c and was .20c higher at the close than the final quotation of the day before. January ribs added .07½c to their previous day's closing quotation. closing at 20%c.

EDDIE CASSIN SUSPENDED FOR PULLING SIMON W. AT LOUISVILLE.

All Bets and the Race Declared Off-Fast Time by Ramapo at Coney Island Track.

LOUISVILLE, Sept. 12.-Eddie Cassin

Baker & Gentry's jockey, will not ride another race, for he was indefinitely ruled off to-day for pulling Simon W. in the third race. The chestnut colt was favorite, at 3 to 7, and was even well backed at these odds. When the flag fell Cassin pulled his mount up suddenly, and trailed around to the stretch. In the final run Simon W. got his head for a moment, and would have been in command in a few jumps, but Cassin shot him into the rail, attempting to get into a pocket. Even then Simon W would have come through with ease but for Cassin's strong arm. The statement of both owners and trainer was that the race was lost through Cassin's riding, and, as the jockey could give no satisfactory explanation, he was ruled off indefinitely, and all bets on the race declared off. Two favorites out of the five events were past the post first. The track was fast, the betting lively, and crowd the largest of the meet-

Seven Furlongs in 1:26 2-5.

NEW YORK, Sept. 12 .- The Coney Island Jockey Club was again a sufferer by the yachting interest, as the attendance to-day was the poorest of the meeting. The card, although not of a high class, produced some close and interesting finishes. The weather was excessively warm and the track lightning fast. The opening race, for two-yearolds. Futurity course, was won by the longshot, 15 to 1, Intermission, the favorite running third. The second race was won by Ramapo, who was recently purchased by Duke Brothers at the Gideon sale, in the fast time of 1:26 2-5, which shows that he still possesses his old-time speed. The third race was won by the favorite, Patrician, in very good time. The fifth was won by Orinda, Buckrene, the favorite, running sec-

A Horse and a Black Eye. ST. LOUIS, Sept. 12.-But one of the six favorites won to-day. Four strongly backed second choices and an outsider took the other events. None of the field were firstclass, and the sport was indifferent. At the close of the sixth race the winner was bid up \$1,000 over the selling price, and a disgraceful fight ensued. Henry Simons got the horse and Captain Carmedy, part owner of the animal, got a black eye. Attendance, 4:000. Track poor. Summaries:

First Race—One mile. Treasure, 3 to 1, won; Chicot, 10 to 1, second; Wells Street, even, third. Time, 1:44.
